Dear Governor Davis,

Our natural resources are being depleted and contaminated by "progress". If something is not done on the political level we are going to be in trouble. As I understand it, the "CALFED Bay/Delta" program will protect our rivers, bays and drinking water for the next 50 years. We need a wise and far seeing governor, such as you, to implement such needed programs.

Please ensure the CALFED program!

Sincerely,

A handwritten signature in cursive script that reads "Aria Rose". The signature is fluid and elegant, with the first name "Aria" and the last name "Rose" clearly distinguishable.

Aria Rose, M.A
